

MUKESH R

SENIOR CLOUD DEVOPS ENGINEER

Chennai, Tamil Nadu | +91 8838154506 | mukeshravi3597@gmail.com | www.linkedin.com/in/mukesh-r-4543b2214

PROFESSIONAL SUMMARY

AWS Certified Senior Cloud & DevOps Engineer with 4+ years of hands-on experience in designing, automating, deploying, and managing scalable, secure, and highly available cloud infrastructure across AWS and GCP environments. Expertise in DevSecOps, Kubernetes, CI/CD automation, Infrastructure as Code (Terraform), monitoring, cloud security, and cost optimization.

Experienced in supporting enterprise and government-sector projects with cloud-native solutions aligned with AWS Well-Architected Framework best practices. Proven ability to automate infrastructure, improve deployment efficiency, optimize cloud costs, and mentor engineering teams.

TECHNICAL SKILLS

- **Cloud Platforms:** AWS and GCP
- **CI/CD:** Jenkins and ArgoCD
- **Containerization & Orchestration:** Docker, Kubernetes (EKS)
- **Monitoring & Logging:** Cloud Watch, Cloud Trail, Prometheus, Grafana and EFK(Elastic Search, Fluentd, Kibana)
- **Version Control & Collaboration:** Git, GitHub, GitLab
- **Operating Systems:** Ubuntu, RHEL, Windows
- **Databases:** SQL, NoSQL
- **Web Servers:** Apache, Nginx
- **Code Quality:** SonarQube
- **Scripting:** Python, Bash (Basics)
- **Other:** AWS Gen-AI, Cost Optimization, Well-Architected Framework

PROFESSIONAL EXPERIENCE

Senior Cloud DevOps Engineer, Ilios Digital Pvt Ltd

April 2026 - Present

Responsibilities & Achievements

- Leading cloud infrastructure and DevSecOps initiatives for enterprise and government-sector clients.
- Architecting highly available, scalable, and secure AWS cloud environments.
- Designed and Managing CI/CD automation and GitOps workflows using Jenkins and ArgoCD.
- Driving cloud security improvements, infrastructure automation, and operational excellence.
- Mentoring junior engineers on AWS architecture, Kubernetes, Terraform, and DevOps best practices.

Cloud Engineer, Ilios Digital Pvt Ltd

July 2024 - March 2026

Responsibilities & Achievements

- Leading cloud infrastructure and DevSecOps initiatives for enterprise and government-sector clients.
- Designed and deployed scalable, secure, and highly available AWS cloud infrastructure solutions.
- Supported and managed 30+ AWS client environments under cloud partnership engagements.
- Optimized AWS cloud costs using lifecycle policies, auto-scaling, and right-sizing strategies.
- Automated AWS billing variance analysis, reducing manual operational tasks by 60%.
- Implemented Infrastructure as Code (IaC) using Terraform for automated provisioning.
- Provided guidance to cross-functional teams on cloud-native application development and deployment strategies.

Key Projects

Wizdomedge Solutions

- Designed and deployed a secure 3-tier application architecture using AWS EKS and DevSecOps practices.
- Implemented high availability and scalable Kubernetes infrastructure.

Technologies: AWS, EKS, Jenkins, Docker, Trivy, Gitea, Prometheus, Grafana, Ingress Controller

Convergent Technologies

- Architected and deployed 20+ microservices applications on AWS Kubernetes infrastructure.
- Implemented GitOps deployment strategies using ArgoCD.

Technologies: AWS, EKS, Jenkins, Docker, GitLab, ArgoCD, Prometheus, Grafana, EFK Stack, Ingress Controller

Greater Chennai Corporation

- Assisted in developing and deploying a Facial Recognition Attendance System using AWS AI/ML services.
- Designed scalable deployment architecture with high availability.

Technologies: AWS Rekognition, Elastic Beanstalk, EC2, Other AWS Services

TNeGA – Tamil Nadu Government WhatsApp Support System

- Deployed and managed highly available AWS infrastructure for government support services.
- Provided infrastructure monitoring, security hardening, and operational support.

AWS Operations Dashboard

- Developed an automation dashboard for AWS infrastructure monitoring and operational management with the help of AI.
- Automated checks for EC2, RDS, IAM, CloudWatch alarms, security vulnerabilities, and cost optimization recommendations.

IaC Automation Platform

- Developed a role-based Infrastructure Automation Platform for secure AWS resource provisioning and management with the help of AI.

Covered Services: EC2, VPC, Security Groups, Elastic IP, Key Pair, RDS

Software Engineer, Decision minds Pvt Ltd

Nov 2022 - Feb 2024

- Implemented CI/CD pipelines using Jenkins, enabling automatic building, testing, and deployment of applications, reducing manual effort by 80%.
- Streamlined deployment processes by leveraging Docker for containerization, resulting in faster and more reliable deployments.
- Monitoring and maintaining the AWS accounts, includes Performance, Billing and Troubleshooting.
- Worked closely with developers to troubleshoot deployment, performance, and infra-level issues, improving incident response and delivery velocity.
- Implemented Infrastructure as Code (IaC) tools such as Terraform and Ansible to automate cloud-based deployments, reducing deployment time by 50% and minimizing human error.
- Collaborated with development teams to improve code quality and reliability through code reviews and static code analysis.

Intern - Cloud, Decision minds Pvt Ltd

Sep 2021 - Nov 2022

- Configured and maintained AWS services such as EC2, S3, RDS, and VPC, resulting in a 25% improvement in system performance and a 15% reduction in infrastructure costs.
- Automated the creation and management of EC2 AMIs using Lambda, Event Bridge and Boto3, ensuring regular backups and efficient instance management.
- Monitored and optimized AWS cloud infrastructure performance, resulting in a 40% improvement in system uptime and a 20% reduction in infrastructure costs.
- Expertise in setting up and configuring jump servers for secure remote access.
- Reported back to instructor to receive day-to-day tasks and responsibilities

EDUCATION & COURSES

Bachelor's Degree in Electronics and Communication Engineering

K.S.K College of Engineering & Technology

May 2015 - May 2019

AWS and CCNA

SoftLogic Systems

Mar 2021 - Aug 2021

ADDITIONAL INFORMATION

- **Languages:** Tamil(Native) and English(fluent)
- **Certifications:** AWS Solution Architect Professional (2026-2029), AWS Solution Architect Associate (2021-2024), AWS SysOps Administrator Associate (2023 - 2026), AWS Certified AI Practitioner Fundamentals (2025 - 2028), Databricks - Gen AI fundamentals (2025 - 2027)
- **Awards/Activities:** Best Employee of the Year (2024), Ilios Digital Pvt Ltd.
